
Art File/Image Requirements:

- Acceptable file types include PDF, AI, EPS, PSD, PNG, TIF, TIFF, and JPG
- Fonts/text should be rasterized in Photoshop or converted to outlines in Illustrator (Type - Create Outlines)
- Embed all images on Illustrator/Vector files
- Do not embed color profiles

For Best Results:

- Vector file types like AI and EPS are recommended
- All files should have a minimum resolution of 300 DPI
- Set file color mode to CMYK

Please note: Variations in color or shading may occur. 100% reproduction of defined colors and color matching is not guaranteed.
