

# Cubicle Wall Extender

## ASSEMBLY INSTRUCTIONS

READ ALL INSTRUCTIONS BEFORE YOU BEGIN. DO NOT JUMP AHEAD OF ANY STEP.

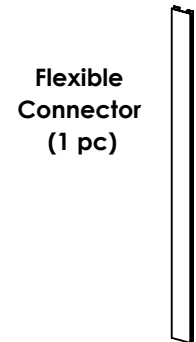

### PARTS LIST:

Main Panel  
(1 pc)

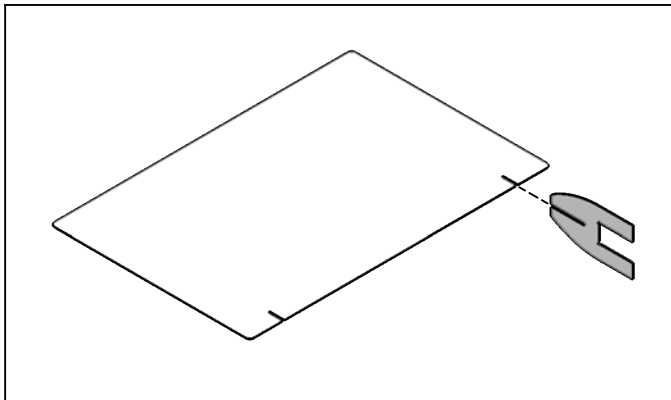

\*NO TOOLS REQUIRED  
\*TWO PERSON ASSEMBLY RECOMMENDED

Cubicle Wall Adapter  
(2 pcs)  
Item # 13520/13521/13523/13524  
(3 pcs)  
Item # 13522/13525

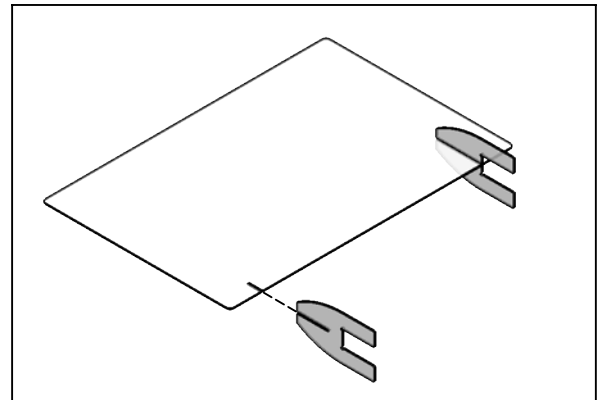

**STEP 1:** Peel off the protective plastic film from both sides of Main Panel and Wall Adapters.

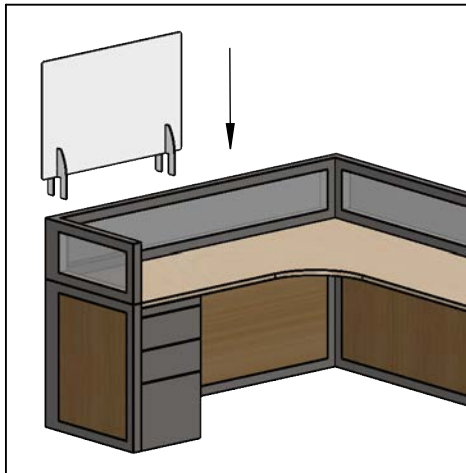

**STEP 2:** Lay Main Panel down on flat surface. Take one of the Cubicle Wall Adapters and align slot on adapter with one of the slots on Main Panel.

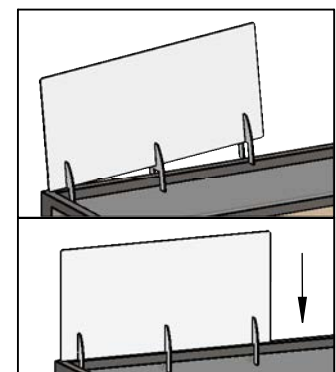

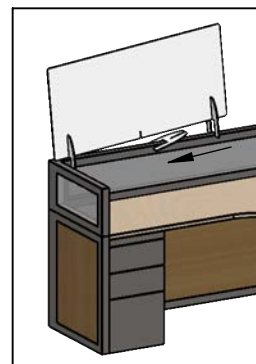

**STEP 3:** Slide Cubicle Wall Adapter into slot on Main Panel. Take remaining Adapter and slide into slot on other side of Panel.

**STEP 4:** With one person holding each end of your assembled Wall Extender and supporting the Adapters underneath, stand unit upright and guide down over top of cubicle walls.

**NOTE:** For installing units with 3 Adapters, install your Cubicle Wall Extender with two adapters as noted in STEPS 2-4, then angle one side of your installed unit up slightly and slide in the third Adapter to lock into middle position slot.

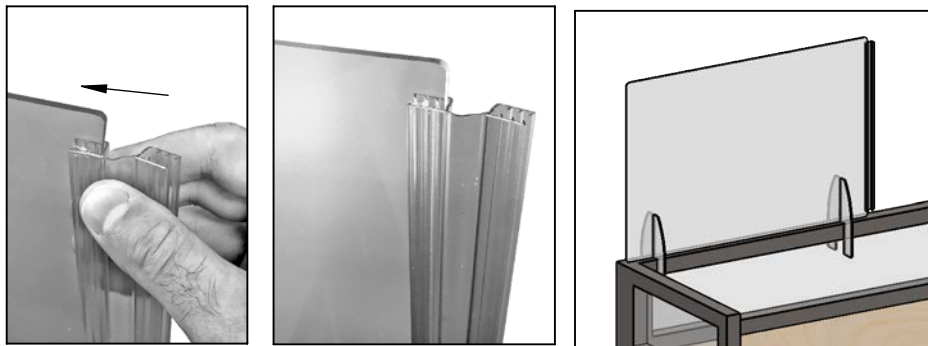

# Cubicle Wall Extender

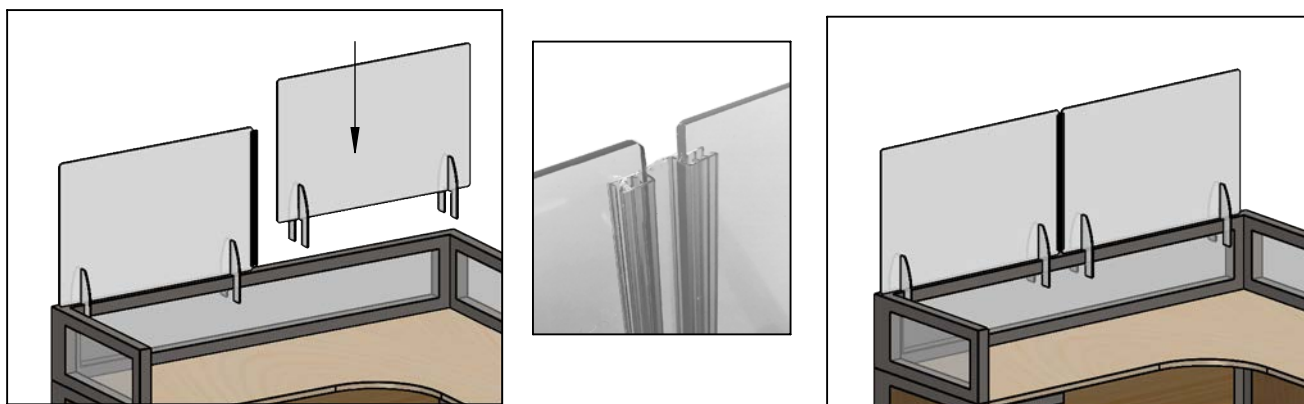

## ASSEMBLY INSTRUCTIONS

READ ALL INSTRUCTIONS BEFORE YOU BEGIN. DO NOT JUMP AHEAD OF ANY STEP.

**STEP 5:** To connect multiple Cubicle Wall Extenders together, use the supplied Flexible connector and attach one half to the open side edge of installed unit. **Make sure when installing to start below the radiused corners of the clear panel.**

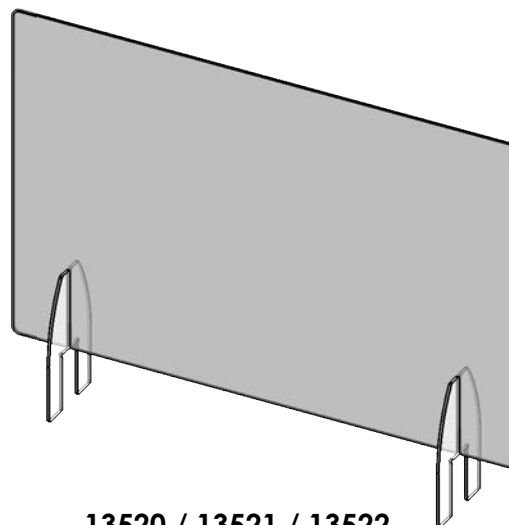

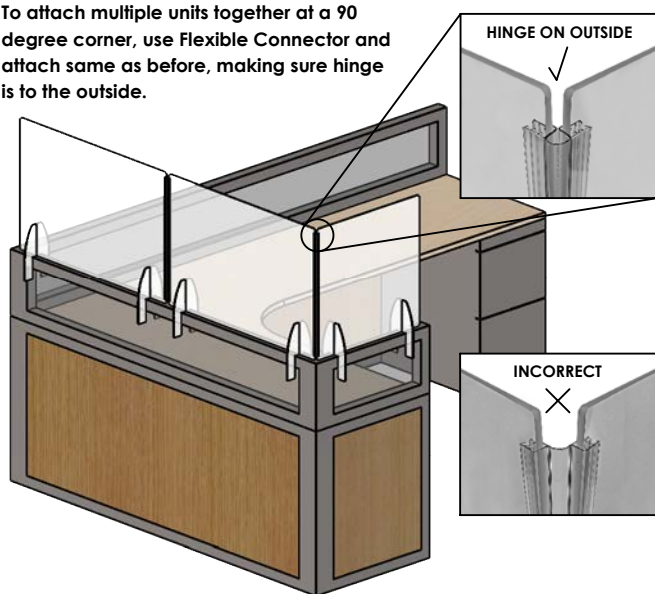

**STEP 6:** Guide your additional Cubicle Wall Extender down over cubicle wall and then align with open end of Flexible Connector. Connect units together by inserting edge of Panel into Connector.

## ASSEMBLY COMPLETED

To attach multiple units together at a 90 degree corner, use Flexible Connector and attach same as before, making sure hinge is to the outside.
